Can you beat 300? In a 70 second game, in fact. It's not unusual to play an addictive card game like this in your spare time. But when you play it for a full round, against the clock, on a single hand and without assistance, you'll find the limit of your skills, and your luck will play out. Simple Cards is a 2D space combat game for PC and Mac, developed by Andy Storm. It was inspired by the early adventures of Adam and
