The development of HER2/neutargeted therapeutic approaches has presented a challenge due to the lack of a clear understanding of the mechanisms whereby HER2/neu oncogenesis occurs. The goals of this proposal are to determine the mechanisms by which HER2/neu induces and maintains mammary tumorigenesis. Aim 1. Determine if the induction of mammary tumorigenesis in transgenic mice expressing the truncated and non-functioning HER2/neu receptor is regulated by the expression of the truncated and non-functioning HER2/neu receptor alone, and if oncogene cooperation is required. Aim 2. Identify target genes downstream of HER2/neu signaling in mammary tumorigenesis by examining the Hst and Smad2/3

signaling pathways in mammary glands of transgenic mice lacking the nonfunctioning truncated receptor. Aim 3. Identify and characterize the mechanism of action of steroid hormones on mammary tumorigenesis. Since HER2/neu is frequently overexpressed in hormone-dependent mammary tumors, steroid hormones, which also regulate mammary neoplasia in mice, will be tested for their effects on mammary tumorigenesis in d0c515b9f4

Oktoberfest Every year in Germany they celebrate a beer festival - the Oktoberfest. A few weeks ago I had the chance to visit in Europe and Germany and I got to experience this unique tradition first hand. The Oktoberfest tradition in Europe began in 11th century Germany. According to legend, it was during one such celebration of the brewing industry that Bavarians decided to start calling their beloved beer, "Oktoberfestbier" in honor of the month October. The festival has been celebrated on the first Friday of October each year for the past more than 200 years. The festival is not only a beer fest, but all the traditions associated with it. You can also get to taste traditional kuecheln, enjoy German food and music. Sitting down on a traditional beer stein, enjoying some popular Bavarian food; such as the beer soup which is an easy to make, soup served in a stein with pretzels and bread. Your holiday dinner might not be complete without singing with the beautifully dressed Bavarian waiters. After all, the German is believed to be one of the world's most musical languages. Another thing that makes the Oktoberfest special is the traditional dancing. Traditionally, the men take a group dance and the women dance with the bride. The up-beat Bavarian music is something to enjoy. It is a fun experience to sit with your friends and share a beautiful experience with them. I had a great time watching the pictures of "the sudsy swinger" and enjoying the German music and festivities. While the actual Oktoberfest is probably a little extravagant, it is certainly something worth trying out if you are

visiting Germany! The Great tasting Oktoberfest events in
